

Graduation 2010

We said farewell to our pre-schoolers at an emotional but very happy ceremony in August. The children decided to celebrate their journey through Four Seasons. They wanted to sing “special songs” which included Twinkle, Twinkle, When Santa got stuck up the Chimney and some French ones. They also chose the song “I’ve got a feeling” to show off their dancing skills. They wanted a cake with balloons on it and said “Good Luck at School”.

The staff worked hard on montages of the children’s pictures through the years. The children interviewed each other on what they wanted to be when they grew up – we had some interesting ideas including being a golf-playing spaceman and a power ranger train driver!

Afterwards we celebrated in true Four Seasons style with the many parents, family and friends who attended. The children really enjoyed Lynne’s wonderful cake.

Most of the children have already been back to show off their school uniforms and tell us about their experiences. We are proud to say the self-confidence, self-esteem and independence we have encouraged has stood them in good stead and all are having a great time.
